

ELYSIAN FASHION – WAITLIST WEBSITE

Product Requirements Document (PRD) + UX Script + UX Writing

1. PROJECT OVERVIEW

Elysian is a premium fashion brand preparing for launch.

The goal of this website is to create anticipation, establish a strong luxury identity, and collect early-access waitlist signups through an immersive storytelling experience.

The website should feel:

- Cinematic
- Editorial
- Minimal
- Emotionally immersive
- High-end and globally relevant

Primary inspiration reference:

[Apple iPhone 17 Pro Landing Page](#)

The website should not feel like a typical startup landing page.

It should feel closer to a luxury fashion campaign translated into an interactive digital experience.

2. WEBSITE STRUCTURE

The website will be a single-page scroll experience.

Sections:

1. Hero Landing Section
 2. Interactive Fashion Scene
 3. Device/App Reveal Section
 4. Dark Mode Storytelling Section
 5. Brand Philosophy Section
 6. Waitlist Signup Section
-

3. EXPERIENCE DIRECTION

Core Experience

The experience should feel like:

- Entering a fashion world gradually
- Moving from surface → depth
- Calm, intentional, and cinematic

The scrolling behavior should be highly immersive with:

- Smooth parallax transitions
 - Scroll-based animation reveals
 - Minimal but powerful text
 - Layered visual storytelling
-

4. COLOR TRANSITION SYSTEM

Opening State

The website begins in light mode:

- White or near-white background
- Bright and open atmosphere
- Editorial fashion feel

Mid Scroll Transition

As users scroll deeper:

- Background gradually darkens
- Contrast increases
- Mood becomes more cinematic

Final State

- The storytelling sections exist mostly in dark mode:
 - Deep charcoal / black background
 - White typography
 - More emotional and immersive tone
 - Near the waitlist section, the experience may softly transition back toward a lighter interface.
 - This transition should happen automatically through scrolling.
 - No manual light/dark toggle is required.
-

A. HERO LANDING SECTION

Purpose

Immediate emotional and visual impact.

Layout

- Full viewport height
- Minimal navigation
- Elysian wordmark centered
- Hamburger icon on the left of the header and a “join in” button to the right
- Bright white background
- Editorial fashion image in full landscape framing

Motion

As the user scrolls:

- The static image transitions into motion/video
- Environment becomes more immersive
- Smooth cinematic movement begins

UX Writing

Supporting Text Options (Tentative)

- A study in modern form.
 - Defined by silence.
 - Presence before attention.
-

B. INTERACTIVE DEVICE / APP REVEAL SECTION

Purpose

Introduce the Elysian digital/app ecosystem in a cinematic way.

Interaction

As the user scrolls:

- The fashion landscape scene zooms outward
- The content transitions into an iPhone interface frame
- The animation should feel like the user is entering the Elysian app experience

Visual Notes

- Device frame should resemble a premium smartphone interface
- Video should continue playing naturally inside the phone screen
- Smooth zoom transition required

UX Writing Options

- Closer than before.
 - The experience evolves.
 - Beyond the surface.
-

C. DARK MODE STORYTELLING SECTION

Purpose

Transition into the deeper identity of the brand.

Visual State

- Background fully transitions into dark mode
- More dramatic atmosphere
- Slower pacing and strong spacing between elements

Layout Based on Blueprint

Center Section

- One featured model emerges from the original landscape scene
- Model appears more realistic and alive (not static)
- Subtle motion preferred

Bottom Area

- Feature 1
- Feature 2
- Feature 3

The images for each images shows:

- Craftsmanship
 - Fashion philosophy
 - Design direction
-

D. BRAND PHILOSOPHY SECTION

Purpose

Deliver the emotional and conceptual identity of Elysian.

Layout

- Large bold “Elysian” typography
- Small supporting statement underneath
- Large cinematic landscape visual beneath text

Image Direction

- World-scale fashion imagery
- Luxury environmental composition
- Fashion-world atmosphere
- Cinematic framing

UX Writing

Main Statement

Elysian

Supporting Lines

- We are not interested in excess. We are interested in essence.
 - A wardrobe redefined as language.
 - Built for presence, not attention.
-

E. WAITLIST SECTION

Purpose

Primary conversion point.

Transition

The experience should gradually soften back toward a lighter interface to create emotional contrast after the dark storytelling sections.

Layout

- Minimal centered layout
- Large “Join our waitlist” headline
- Thin, elegant form styling
- Strong spacing
- No aggressive UI

Required Fields

- First Name
- Email Address

Optional:

- Phone Number

Button Text Options

- Request access
- Join waitlist

BLUE PRINT OF THE WEBSITE IN A ROUGH SKETCH

5. MOTION & ANIMATION REQUIREMENTS

Animation Style

- Smooth
- Cinematic
- Intentional
- Minimal

Required Effects

- Scroll-triggered parallax
- Fade reveals
- Layered movement
- Zoom transitions
- Background color interpolation
- Subtle video motion

Avoid:

- Flashy effects
 - Fast movement
 - Excessive animation noise
-

6. RESPONSIVE REQUIREMENTS

The website must be fully optimized for:

- Desktop
- Tablet
- Mobile devices

Mobile experience is extremely important.

Animations should remain smooth across devices.

7. PERFORMANCE REQUIREMENTS

The website should prioritize:

- Fast loading speed
 - Smooth scrolling
 - Optimized video handling
 - Responsive image loading
 - Clean animation performance
-

8. FINAL DELIVERABLES

Developers should deliver:

- Fully responsive website
 - Scroll-based cinematic interactions
 - Functional waitlist system
 - Optimized animations
 - Production deployment
 - Clean and maintainable codebase
-

9. FINAL NOTE

This website is primarily a brand experience rather than a conventional marketing landing page.

The emotional feel, pacing, typography, motion quality, and atmosphere are more important than adding excessive functionality or UI components.
